ROHIT B

SOFTWARE ENGINEERING STUDENT

Github | LinkedIn | Portfolio | rohit.balu.dev@gmail.com

PROFILE SUMMARY

Software engineering student pursuing an M.Sc. in Software Systems with hands-on experience building web, mobile, and AI-based applications. Interested in software development, problem solving, and building reliable applications using modern technologies.

PROFESSIONAL SKILL

Problem Solving	Team Collaboration
Communication	Software Development

TECHNICAL SKILL

Java	Python	SQL
DSA	Git & Github	C

EDUCATION

Msc. Software Systems 2024 - 2029
Kongu Engineering College, Perundurai
Expected Graduation: May 2029
CGPA: 8.58 / 10
Relevant Coursework: DSA, DBMS, Operating Systems, Computer Networks, Software Engineering

EXPERIENCE

React Developer Intern January, 2025 - March, 2025
Secuvra, Chennai

- Developed responsive and reusable React.js components for web applications
- Integrated REST APIs and implemented dynamic, data-driven user interfaces
- Debugged and optimized frontend functionality to improve usability, performance, and reliability

PROJECTS

Real-Time QR-Based Inventory Management System — Sudhan Yarns

- QR-based inventory tracking with real-time updates.
- Built around an actual industry workflow.

Student Activity & SAP Management System — Kongu Engineering College

- Centralized student activity proof submission and tracking
- Streamlined approval workflows and SAP point management

SaaS Management Platform

- Researching and developing centralized SaaS, license and subscription management.
- Designed to improve software usage and cost visibility.
